

2012

To whom it may concern:

Thank you for choosing Heatstop® brand refractory mortar products.

Heatstop® refractory mortar products have been successfully installed in hundreds of thousands of commercial and residential applications throughout the world. This letter will certify that Heatstop® brand products meet or exceed all national and international building codes for fireplace and chimney construction. This includes the International Code Council, International Building Code and the International Residential Code.

All Heatstop® and related products, including the brand names Heatstop®, Heatstop II, Heatstop 50, Insul Stick and Domestic Fireplace Mortar meet or exceed the requirements of A.S.T.M. C-199, A.S.T.M. C-1283, A.S.T.M. E-136, and N.F.P.A.-211.

If you have further questions, please contact me at (716) 667-2321. Thank you for choosing Heatstop®.

Sincerely,

Robert A. Rucker
President
